<b>Occupation</b>	

## About The Club

Lymm Angling Club has a wide variety of waters, all of which are actively managed. The club caters for specimen, pleasure and match anglers alike. The club encourages forward thinking, ethical, club minded angling. It has significantly fewer rules than many clubs however these rules are rigorously enforced

Our membership year runs from January to December. Renewal must be paid by the 31st March each year.

A senior/senior citizen permit entitles the members spouse or partner and children or grand children (under the age of 16) to fish club waters at no extra charge, up to a limit of four rods between them.

Some waters are closed from 15<sup>th</sup> March to 15<sup>th</sup> June (inclusive) each year except to those members who either complete a set amount of hours on approved work party tasks or who pay for the estate maintenance fee.

Night fishing is allowed on most waters. **There is no extra charge for night fishing.**

Arrival slips and catch returns are compulsory on most waters.

Juniors must be accompanied by a senior at all times on club waters.

Each water is managed by its own water keeper to ensure a high standard is maintained.

We trust this information gives you an insight and hope you join us and enjoy pleasant hours on our waters.

## Lymm Anglers
